

CONSULTANCY

Need assistance in resolving a facilities management issue? Then I am here to help you.

No two buildings are exactly alike, and the same can be said for organisations. And that is why I produce bespoke solutions for you, rather than adopting a 'copy and paste' approach.

I founded *Strategic to Operational Facilities Management* (SO FM) over four years ago. Its purpose, to provide my clients with independent and objective advice on resolving their facilities management issues.

Why use SO FM?

- Decades of experience within the facilities management sector.
- Independent, objective and multi-award winning.
- Increase the 'value-in-use' of your facilities.

So, what do you receive from SO FM?

- Peace of mind that the issue is being resolved by an expert.
- One point of contact who is easily accessible.
- Value from the solution(s) provided.

What consulting services are offered?

- Strategic through to operational facilities management service delivery review.
- Identifying the efficiency of your property portfolio.
- Facilities management statutory compliance audits, including legal register review.

As Sir Winston Churchill once famously said, ***"We shape our buildings, and afterwards, our buildings shape us."*** This was true in 1944 and remains especially so in today's workplace. Are you in control of your building, or is your building in control of you?
